

ARBORCHAR™

3-6-4 PREMIUM FERTILIZER & BIOCHAR BLEND

ROOT, FLOWER & FRUIT

Plant Growth & Soil Enhancement for
Indoor & Outdoor Growing

Soil Structure

Supports microbes & reduces compaction aiding in root development.

Plant Nutrition

Provides a complete fertilizer for ornamental and edible plants.

Environmental Benefits

Improves water retention and reduces nutrient leaching.

Biochar is created by burning organic matter without oxygen, turning it into a porous carbon material which retains water and slowly releases essential elements.

Guaranteed Analysis:

Total Nitrogen (N).....	5.0%
0.15%...Ammoniacal Nitrogen	
0.25%...Other Water Soluble Nitrogen	
4.60%...Water Insoluble Nitrogen	
Available Phosphate (P ₂ O ₅).....	6.0%
Soluble Potash (K ₂ O).....	4.0%
Calcium (Ca).....	6.0%
Magnesium (Mg).....	2.0%
2.00%....Water Soluble Magnesium (Mg)	

Derived from: Blood Meal, Bone Meal, Calcium Chloride, Sulfate of Potash Magnesia

Soil Amending Ingredients:

Biochar from 100% Maple.....	21.0%
Total Other Ingredients.....	79.0%

Purpose: To increase microbial activity and enhance nutrient uptake.

Net Weight: 1 lbs (0.45 kg)

KEEP OUT OF REACH OF CHILDREN

THE ARBORCHAR DIFFERENCE:

ARBORChar Root, Flower & Fruit is more than a soil amendment, it is a complete fertilizer amended with Biochar derived from recycled trees. It provides a balance of naturally derived nutrients and minerals that help improve leaf vigor, root and fruit development, and soil structure.

- Creates improved soil by feeding beneficial microbes and reducing compaction, allowing for faster root development.
- Added Calcium helps to inhibit Blossom End Rot.
- Improves water retention and reduces nutrient leaching.

GENERAL USE INSTRUCTIONS

Use ARBORChar Root, Flower & Fruit on indoor and outdoor vegetables, herbs, annuals, perennials, trees and shrubs. Make applications throughout the growing season every two to four weeks to maintain optimal nutritional levels for new and established plantings. Mix in at least 1 inch below the surface then water in thoroughly after application.

Amount of product	Container Diameter	Container Volume
1 tsp	6 - 8 in	1 - 2 gal
2 tsp	11 - 12 in	1.5 - 2 gal
3 - 4 tsp	18 - 24 in	3 - 5 gal

Amount of product	Square Feet	Drip Line Diameter
1/2 cup	12	4 ft
1 cup	25	10 ft
3 cups / 1 lb.	200	28 ft

RESTRICTIONS

- Use caution when applying to sensitive or immature plants. Test a small area before applying throughout.
- Do not apply to plants that are damaged by herbicides
- Do not apply during temperature extremes (<40°F or >90°F) or in a 48-h period when these extremes are expected
- Keep away from heat and open flame

STORAGE & DISPOSAL

- Store in a cool, dry place out of reach of children and pets.
- Dispose of or recycle empty bag as required by State and Local authorities.
